We have audited the accompanying financial statements of Good Sports, Inc. (the Organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Good Sports, Inc. as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1. Organization and Summary of Significant Accounting Policies:

Nature of Organization: Good Sports, Inc. (the Organization) is a nonprofit organization incorporated in November 2003 whose mission is to increase youth participation in sports, fitness, and recreational programs by providing access to sports equipment, which is one of the major obstacles limiting participation. The Organization distributes sports equipment, footwear, and apparel to community organizations offering programs to disadvantaged youth, helping to lay the foundation for healthy, active lifestyles. The Organization partners with sporting goods manufacturers to ensure that disadvantaged youth are getting the equipment they need to participate.

Basis of Presentation: The financial statements of the Organization have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The Organization reports information regarding its financial position and activities according to the following net asset classifications:

Net Assets without Donor Restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and Board of Directors.

Net Assets with Donor Restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Fair Value Measurements: The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Revenue Recognition: Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Revenues from shipping and handling fees represent amounts charged upon shipment of the related equipment, provided that persuasive evidence of an arrangement exists, the fee is fixed or determinable, and collectability is probable.

Revenues related to special events are recorded net of expenses that provide a direct benefit to donors and are generally recorded when the event takes place.

Contributions: Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

1. Organization and Summary of Significant Accounting Policies (Continued):

Contributed property and equipment are recorded at fair value at the date of donation. Contributions of services are reported as revenue and expenses without donor restrictions at the fair value of the service received only if the services create or enhance a nonfinancial asset or would typically need to be purchased by the Organization if they had not been provided by contribution, require specialized skills, and are provided by individuals with those skills. Contributions of goods and service to be used in program operations are reported as revenue and expenses without donor restrictions at the time the goods or service is received.

Cash and Cash Equivalents: The Organization maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Organization has a cash management program, which provides for the investment of excess cash balances primarily in short-term money market accounts. The Organization considers such highly liquid investments with original maturities of three months or less when purchased to be cash equivalents, except for those amounts that are held in the investment portfolio, which are invested for long-term purposes.

Accounts Receivable: Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is provided for those accounts receivable considered to be uncollectible based upon management's assessment of the collectability of receivables, which considers historical write-off experience and any specific risks identified in customer or donor collection matters. Bad debts are written off against the allowance when identified.

Contributions Receivable: Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at present value of their estimated future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Discount amortization is included in contribution revenue. Conditional promises to give are not included as support until the conditions are met.

Investments and Investment Income: The Organization's investments are reported at fair value as of the date of the statements of financial position. Realized and unrealized gains and losses are reflected in the accompanying statements of activities. Investment income or loss on investments (including realized and unrealized gains and losses on investments, interest and dividends) is included in net assets without donor restrictions unless the income or loss is restricted by donor or law.

Concentrations of Credit Risk: Financial instruments that potentially subject the Organization to concentration of credit risk consist primarily of cash, cash equivalents, investments, and contributions and accounts receivable. The Organization maintains its cash, cash equivalents, and investments with high-credit quality financial institutions. Contributions and accounts receivable are carried at the outstanding principal balance, less an estimate for allowance for uncollectible receivable based upon management's judgment of potential defaults. Management determines the allowance for doubtful accounts by identifying troubled receivables balances and by using an assessment of the donor's credit worthiness. As of December 31, 2018 and 2017, management has determined all receivables are collectible and an allowance for doubtful accounts is not necessary.

Property and Equipment: Property and equipment are recorded at cost on the date of acquisition. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets, as follows:

Computer Equipment	5 Years
Furniture, Fixtures, and Equipment	7 Years

Deferred Rent: The Organization records rent expense on a constant periodic rate over the term of the lease agreement. The excess of the cumulative rent expense incurred over the cumulative amounts due under the lease agreement is deferred and recognized over the term of the lease.

Inventory: Inventory is stated at the lower of cost when purchased, fair market value on the date of donation or net realizable value. Cost is determined on the first-in, first-out (FIFO) method. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable cost of completion, disposal and transportation.

1. Organization and Summary of Significant Accounting Policies (Continued):

Appropriate consideration is given to obsolescence, excessive levels, deterioration, and other factors in evaluating net realizable value.

Advertising and Marketing: The Organization expenses advertising and marketing costs as incurred. During the years ended December 31, 2018 and 2017, the Organization incurred advertising and marketing expense in the amounts of \$239,358 and \$223,960, respectively, which includes \$122,900 and \$79,165, respectively, of donated marketing services.

Shipping and Handling: Shipping and handling costs are included in distribution of equipment in the accompanying statements of functional expenses. During the years ended December 31, 2018 and 2017, the Organization incurred shipping and handling costs in the amount of \$332,796 and \$178,633, respectively.

Income Taxes: The Organization is a nonprofit Organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes on trade or business profits generated by activities related to the Organization's exempt function. The Organization may be subject to federal and state income taxes for profits generated from trade or business activities unrelated to the Organization's exempt function. As of December 31, 2018 and 2017, management believes that the Organization has not generated any unrelated business taxable income.

The Organization assesses the recording of uncertain tax positions by evaluating the minimum recognition threshold and measurement requirements a tax position must meet before being recognized as a benefit in the financial statements. Use of Estimates: Management has used estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities in its preparation of the financial statements in accordance GAAP. Actual results experienced by the Organization may differ from those estimates.

The update addresses the complexity and understandability of net asset classifications, deficiencies in information about liquidity and the availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these financial statements accordingly. Where required, ASU 2016-14 has been applied retrospectively to all periods presented.
